Subject: SCAM ALERT - Ricoh toner scam

Importance: High

SCAM ALERT!

A party has been calling offices around campus representing themselves as our Ricoh copier dealer. They will try to get information from you to solicit toner sales and ship over-priced toner replacements to you. The callers are not affiliated with Ricoh or IKON. Our dealer will not call to solicit toner sales so any caller trying to do this is most likely a fraudulent vendor.

Please forward any calls to Cory Harms in the purchasing department at 294-2591.
