University is using funds from that grant to procure the goods or services in this Contract. The grant requires University to include provisions covering the following in all contracts using the grant funds. University cannot deviate from or alter these provisions. Clauses in this document may not be applicable to this Contract due to the type of goods or services to be provided, dollar thresholds, type of funding or other reasons. Clauses that are not applicable are deemed self-deleting, shall not be removed from this document, and will be considered by all parties to be without force and effect.
